

NEW YORK METRO TOP DOCTORS 2026

When it comes to your health and the health of your family, seeing a doctor that fits your needs is important. Our list of **Castle Connolly Top Doctors and Top Dentists** makes it easy to find and connect you with the right doctor. Our goal is to take the guesswork out of finding the **best and most qualified medical practitioners**, so you can feel confident about your healthcare.

EXCEPTIONAL CARE:
Unveiling the Doctors
You Can Trust Most

For the full list of
Castle Connolly Top
Doctors nationwide,
please visit
castleconnolly.com.

With over 35 years’ experience researching, reviewing, and selecting Top Doctors, Castle Connolly is a trusted and credible healthcare research and information company. In addition to recognizing the nation’s top physicians, Castle Connolly also identifies Top Dentists and Top Hospitals, recognized for their excellence in clinical outcomes and patient care. Our mission is to help people find the best healthcare by connecting patients with best-in-class healthcare providers.

Castle Connolly’s research team follows a rigorous screening process to select Top Doctors and Top Dentists on both the national and regional levels. Its onlinenomination process is open to

all licensed physicians and dentists in America who are able to nominate doctors in any medical specialty and in any part of the country, as well as indicate whether the nominated doctor(s) is, in their opinion, among the best in their region in their medical specialty or among the best in the nation in their medical specialty. Then, Castle Connolly’s research team thoroughly vets each doctor’s professional qualifications, education, hospital and faculty appointments, research leadership, professional reputation, disciplinary history and if available, outcomes data. Additionally, a doctor’s interpersonal skills such as listening and communicating effectively, demonstrating empathy, and instilling trust and confidence, are also considered in the review process. The Castle Connolly Directory is the largest network of peer-nominated physicians in the nation.

Castle Connolly’s Top Hospitals recognize institutions that set the standard for excellence and consistently deliver superior patient outcomes among specific medical procedures. The Top Hospitals list is based on a unique, data-driven methodology that leverages comprehensive claims data to map the patient journey while undergoing care.

Physicians selected for inclusion in this magazine’s “Top Doctors” and “Rising Stars” feature may also appear online at www.castleconnolly.com, or in conjunction with other Castle Connolly Top Doctors databases online and/or in print.

Castle Connolly is part of Everyday Health Group, a leading Pharma Commercialization, Digital Health & Wellness, and Provider Solutions Company for Life Sciences, Hospitals and Health Systems, Health Care Providers (HCPs), and health-seeking Consumers. Our mission is to drive better clinical and health outcomes through decision-making informed by highly relevant information, data and analytics. We empower healthcare providers and consumers with trusted content and services delivered through the Everyday Health Group’s world-class brands.

For more information, please visit www.castleconnolly.com or everydayhealthgroup.com.
